

Every dollar you donate makes a difference

\$5 goes towards creating a **meditation DVD** to help someone deal with the side effects of chemotherapy.

\$10 goes towards an **Information Pack** for women coping with the aftermath of surgery.

\$50 can help us make a **Cancer Council Helpline** call, to inform and reassure a woman about her cancer diagnosis.

\$100 can help provide **accommodation** for women who need to stay away from home while accessing treatment.

\$250 can go towards paying an **overdue electricity, phone, gas or rates bill** for a mum who hasn't been able to work for six months.

\$1,200 can help us fund three days of **research** into a rare type of breast cancer.

Your donation will help **Cancer Council** fund prevention programs, support services, and world-class breast cancer research. **Every Pink dollar** raised makes a real difference for those affected by **breast cancer**, so please **donate today**.
